<https://pursuedemocracy.com/2020/12/18/us-election-vote-adjudication-explained-its-a-rort/>

Latest, 22 Dec. 2020: In a podcast interview yesterday, Navarro said that more than 379,000 possibly illegal ballots were allegedly cast in Michigan. “That’s more than twice the victory margin,” he continued. During a nine-hour period on Nov. 4, Trump had a significant lead over Joe Biden, he added. Within “five seconds” at around 6:30 a.m. Biden’s “total [votes] skyrocketed by 141,258 votes,” or “30 times the expected vote count,” Navarro said, citing data from the New York Times. “Within that same time frame, do ya know how many Trump got? 5,968,” he claimed. In another instance at around 3:50 a.m. ET in Michigan, 54,497 votes were provided for Biden while Trump only received about 4,718 votes, he said.

05:41:23 pm

In other words, Dominion supplied the means for rampant fraud—through its “adjudication function” and the automatic assignment of unambiguous ballots to “adjudication”—but an election official who doesn’t work for Dominion actually committed the fraud.  
The adjudication feature is also consistent with the fraud analysis by actuary Ben Turner, whose detailed, controlled analysis of 657 Dominion-using counties and 2,388 non-Dominion using counties, since 2008, concluded that the Dominion-using counties experienced a “Dominion effect” yielding a 2 to 3 percent shift in Biden’s favor.

Good morning! I hope you are doing well. Liz Harris has sued the state regarding the election. She was wondering if we could get any of the data that proves the fraud in this state. Do you have anything for Pima or Cohise county included?

Also you mentioned there was another website we could look at. I wrote American Report dot com but that is not it. Do you recall what it would is?

Thank you for your service! God bless you.

Got this from Gail this morning Mary

Larry Johnson continues to do the bidding of the CIA who illegally commandeered the Hammer and want to keep their weapon. The CIA has no charter to spy in America or on Americans.

Johnson has already been called out for claiming he has knowledge of a SAP program. He does not. So what is the CIA guy Larry Johnson up to?

The New York Times refers to Dr. Navid Keshavarz-Nia as "the smartest man in the room."

In his affidavit signed on November 25, 2020, Dr. Navid Keshavarz-Nia stated:

I have advanced training from the Defense Intelligence Agency (DIA), Central Intelligence Agency (CIA), National Security Agency (NSA), DHS Office of Intelligence & Analysis (I&A) and Massachusetts Institute of Technology (MIT)...

...I am employed by a large defense contractor as a chief cyber security engineer...my expertise spans 35 years of performing technical assessment, mathematical modeling, cyber-attack pattern analysis, and security counterintelligence linked to FIS [foreign intelligence service] operators, including China, Iran, North Korea, and Russia. I have worked as a consultant and subject-matter expert supporting the Department of Defense, FBI and US Intelligence Community (USIC) agencies such as the DIA, CIA, NSA, NGA, and the DHS I&A supporting counterintelligence, including supporting law enforcement investigations.

The USIC has developed the Hammer and Scorecard tools, which were released by WikiLeaks and independently confirmed by Lt. Gen. Thomas McInerney (USAF, retired), Kirk Wiebe, former NSA official, and Dennis Montgomery, former CIA [contractor]...The Hammer and Scorecard are capabilities are tradecrafts used by US intelligence analysts to conduct MITM [Man-in-the-Middle] attacks on foreign voting systems, including the Dominion Voting Systems (DVS) Democracy Suite and [Election] Systems and Software (ES&S) voting machines without leaving an electronic fingerprint...

In my expert opinion, I conclude the following:

...I conclude that FIS [foreign intelligence services] and other operators were involved to influence the outcome of the 2020 election.

A Man-in-the-Middle (MITM) cyber attack was carried out by covert operators using sophisticated tools, such as Hammer and Scorecard...

...I conclude with high confidence that the election 2020 data were altered in all battleground states resulting in hundreds of thousands of votes that were cast for President Trump to be transferred to Vice President Biden.

Why does The Gateway Pundit continues to publish Johnson's shameless CIA propaganda ?

The lawyers and their tactics are as I understood them to be. Putrid. Never filed — no Civ, just smear tactics. Agree with Matt DePerno's assessment that the CIA is behind this "Big Lie." NYT's began the narrative, Larry Johnson, Jason Goodman and Charles Ortel followed — then Clare firm weighed in with their smear campaign.

Col Waldron you said in Absolute proof that foreign interference could not have happened without domeatic traitors assisting  
01:00:39 am

In our previous film Absolute Proof, we told you about a massive cyber attack – a form of hybrid warfare, conducted by China and other foreign adversaries against our country and the 2020 presidential election.  
I have with me two very special guests – experts who spent years working in cyber inside the U.S. military.  
Retired Air Force General Thomas McInerney is not only a decorated pilot who flew over 400 combat missions in Vietnam, as Vice Chief of Staff he was number three over the entire air force and commanded the unit in Alaska that protects America from Russian nuclear missile attacks.  
Retired Army Colonel Phil Waldron is a cybersecurity expert who has analyzed the 2020 presidential election and testified in front of members of the Arizona State legislature.

General McInerney and Colonel Waldron are here to independently confirm that foreign adversaries did attack the 2020 election. This was foreign interference in our election, something the U.S. intelligence community and election cybersecurity experts had warned could happen. And it did.  
We have obtained confirmed and verified the Internet Protocol, or “IP” addresses, from which these attacks were launched.

In our previous film Absolute Proof, we told you about a massive cyber attack – a form of hybrid warfare, conducted by China and other foreign adversaries against our country and the 2020 presidential election.

Reagan quote

No one is coming to save us we are the people that we have been waiting for

Ronald Reagan — 'If we lose freedom here, there is no place to escape to. This is the last stand on earth.'

We'll preserve for our children this, the last best hope of man on earth, or we'll sentence them to take the last step into a thousand years of darkness.

Congratulations! You and Stanley Kubrick!! Greatest director in Hollywood Winning the Razzie— take it to Jimmy Kimmel...

actors, many of Kubrick's films broke new ground in cinematography. The scientific realism and innovative special effects of 2001: A Space Odyssey (1968) were without precedent in the history of cinema, and the film earned him his only personal Oscar, for Best Visual Effects. Steven Spielberg has referred to the film as his generation's "big bang"; it is regarded as one of the greatest films ever made. For the 18th-century period film Barry Lyndon (1975), Kubrick obtained lenses developed by Zeiss for NASA, to film scenes under natural candlelight. With The Shining (1980), he became one of the first directors to make use of a Steadicam for stabilized and fluid tracking shots. While many of Kubrick's films were controversial and initially received mixed reviews upon release—particularly A Clockwork Orange (1971), which Kubrick pulled from circulation in the UK following a mass media frenzy—most were nominated for Oscars, Golden Globes, or BAFTA Awards, and underwent critical reevaluations. His last film, Eyes Wide Shut, was completed shortly before his death in 1999 at the age of 70.

"Dominion voluntarily provides access to voting machine equipment and information to auditors who have been accredited by the U.S. Election Assistance Commission. We happily did so with the independent, EAC-accredited providers that Maricopa County hired for system auditing earlier this year.

"If Cyber Ninjas went through the process of successfully obtaining EAC accreditation, Dominion would of course cooperate, as we do with all federally accredited auditors.

"However, not only is Cyber Ninjas unaccredited, but they have also already demonstrated bias and incompetence, including committing a serious breach of the secure chain of custody that protects voting equipment, which has been deemed by the U.S. government as critical infrastructure.

"Releasing Dominion's intellectual property to an unaccredited, biased, and plainly unreliable actor such as Cyber Ninjas would be reckless, causing irreparable damage to the commercial interests of the company and the election security interests of the country. No company should be compelled to participate in such an irresponsible act."

• **Georgia Deputy Secretary of State Jordan Fuchs** threw President Trump under the bus when she falsely told the Washington Post that President Trump told Georgia Secretary of State chief investigator Frances Watson during a phone call to “**find the fraud**” to become “a national hero.” A recording of the call later released by the Wall Street Journal proved that “anonymous source” Fuchs had misquoted Watson to the Washington Post. “**The original story [as told by Fuchs] was a Hoax,” President Trump stated.** Deputy Secretary Fuchs harshly scolded a Tea-Party aligned group that criticized Georgia Secretary of State Raffensperger’s decision to use **Dominion Voting Systems** machines for Georgia’s elections. Fuchs previously ran Brad Raffensperger’s campaigns for years. Fuchs also worked in Washington, D.C. for the U.S. Foreign Policy Program with the **Council on Foreign Relations (CFR).**

I have the Generals and Col Sellin for the June 9 filming. General Flynn agreed to the date — I have made bullet points for the discussion.

We have put together a story board for Absolute Coverup that includes Ducey and Kemp.

I also brought an FBI Asset-turned-whistleblower forward with Terry Turchie that we have already filmed with Brannon for Absolute Coverup.

Please save the June 9 date — schemes for between 2-4.

FYI:

Statement by Donald J. Trump, 45th President of the United States of America

RINO former Attorney General Bill Barr failed to investigate election fraud, and really let down the American people. Even the scam that took place in Georgia of ballot stuffing on camera, he couldn't see what was wrong with it. Just like he failed to understand the Horowitz report and let everyone down with respect to getting a timely investigation (where's Durham?) on all of the corruption of the Obama-Biden Administration.

It's people in authority like Bill Barr that allow the crazed Radical Left to succeed. He and other RINOs in the Republican Party are being used in order to try to convince people that the election was legitimate when so many incredible facts have now come out to show conclusively that it wasn't.

He came in with a semi-bang and went out with a whimper. Earlier in his term Bill Barr went ballistic on CNN with Wolf Blitzer warning Democrats were changing election rules to flood the system with mail-in ballots that "as a matter of logic" are "very open to fraud." They are, and Bill Barr did nothing about it.

If there was no fraud, why are Arizona, Georgia, Wisconsin, Pennsylvania, and other States spending so much time and effort on exposing the fraud? We already know that:

- 101,789 "obsolete" voters on the rolls in Georgia, including 18,486 dead people
- Ballot batches off by up to 17.5 percent in Maricopa County, Arizona
- "Massive" chain of custody problems with drop boxes in Georgia, missing hundreds of thousands of records for months after the election
- Thousands of ballots "wheeled in through the back door" in Fulton County days after the election
- "Double feeding" ballots in Fulton County, Georgia
- Nearly 200,000 illegal "indefinitely confined" votes in Wisconsin that violated Voter ID law
- "Cash for votes" scheme in Nevada
- Illegal alien votes
- Election law changes were not authorized by the State Legislatures, which is mandated by the U.S. Constitution

And much more!

If he felt this way, why did Barr say he was "greatly honored" and "proud to have played a role in the many successes and unprecedented achievements you have delivered for the American people" in the final letter he wrote to me? He said, "Few could have weathered these attacks, much less forge ahead with a positive program for the country."

Now it was revealed that Barr was being pushed to tell lies about the election by Mitch McConnell, another beauty, who was worried about damaging the Republicans chances in the Georgia runoff. What really damaged the Senate Republicans was allowing their races to be rigged and stolen, and worse, the American people to no longer believe their vote matters because spineless RINOs like Bill Barr and Mitch McConnell did nothing.

Bill Barr was a disappointment in every sense of the word. Besides which, Barr, who was Attorney General (lawyer) shouldn't be speaking about the President. Instead of doing his job, he did the opposite and told people within the Justice Department not to investigate the election. Just like he did with the Mueller report and the cover up of Crooked Hillary and RUSSIA RUSSIA RUSSIA, they don't want to investigate the real facts. Bill Barr's weakness helped facilitate the cover up of the Crime of the Century, the Rigged 2020 Presidential Election!

Not nice that Gateway Pundit continues to hit at Dennis and me with a robust team

06:33:00 pm

MF

mlicloud@mypillow.com

Mary please let it go ... after the symposium it will all be fine !! Please do not call Dennis on this garbage I need him to get done by tomorrow

You and Dennis will be hero's when this is done  
06:49:25 pm

o

Mary Fanning

I am letting it go.  
Dennis gets alerts so he sees all.  
  
He is getting it done and nothing will stop him.  
06:51:49 pm

However Mike, it would help the message if you stated you have confidence in me rather than that you don't know me.

mlicloud@mypillow.com

I didn't say I didn't know you !!!! I said we have not met in person ....

I have told all the media that you are the most knowledgeable journalist I have ever heard  
10:50:13 pm

They print garbage Mary  
10:50:30 pm

It will all change after the symposium  
10:50:51 pm

You and I are in all the movies together ... of course I didn't say I don't know you!  
10:51:38 pm

o

Mary Fanning

Yes they do print garbage and selectively edit. Ty.  
  
I might suggest that when they hit you that this is all garbage you remind them that the Media had no problem with Harri Hursti's HBO Special "Kill Chain" where the same assertions were made about Dominion and connectivity to the internet by Democrats.

My own version is that we add:

If those who stole our election get away with it, there will never be another free and fair election.

Our constitutional right to vote was paid by for in blood and treasure by multiple generations of Americans.

Then add the Reagan quote

As President Ronald Reagan famously said:

"If we lose freedom here, there is no place to escape to. This is the last stand on earth.

You and I have a rendezvous with destiny.

We'll preserve for our children this, the last best hope of man on earth, or we'll sentence them to take the last step into a thousand years of darkness."

This is law fare just as predicted by the Chinese military book "UNRESTRICTED WARFARE."

UNRESTRICTED WARFARE called for "Lawfare" instead of direct military confrontation.

UNRESTRICTED WARFARE called alternate methods of attack  
♦ "LAWFARE"  
♦ "ECONOMIC WARFARE"  
♦ "NETWORK WARFARE" (example shutting down the power grid)  
♦ "TERRORISM" (bio weapons"

Dennis didn't give us anything to bring here ... no pcaps ... he got really upset when I picked up Conan and I asked for the evidence  
06:07:32 am

Mary Fanning

MF

He told me he gave Conan stuff  
06:08:02 am

mlicloud@mypillow.com

He said to go have breakfast and we did and he never answered my text or calls after I called him back  
  
No I was there .. he gave a file that only contained a small amount of hex data  
  
Conan and I have been stalling them and have no pcaps  
06:09:27 am

Mary Fanning

He told me the info is not in pcaps. Rather it was “real numbers, that were collected in real time, that will reveal the real outcome of the 2020 election.

Data was collected. Far more than packet streams were collected. Actual files were collected from election computers. The data reflects the adverse effect on the votes for President Trump.”

06:11:24 am

That is verbatim what he told me.

06:11:42 am

MF

Again he told me “Standard internet identifiers will be presented. This will show a small snapshot in time. Billions of these snapshots were collected. Observing these billions of snapshots of collected data together is like watching a movie. Only, in this case, one is watching a movie of the United States election being stolen by foreign adversaries.”

06:13:50 am

mlicloud@mypillow.com

I feel like I am in the twilight zone  
Dennis and Conan worked hard to get the stuff ready for almost a month

Mary he told me I would get everything and I bought him a 2 million dollar house and another 1.1 million earlier in the year  
He signed everything over to me

In breakout room 2 some woman was telling people that “Dennis had a stroke and was in the hospital. And that Mike gave Dennis 4 million dollars and bought him a home in Florida.”  
Kirk Wiebe called Dennis.

Apparently Kirk was pontificating. Telling people about my husband and a supposed Dominion deal — all BULLSHIT!!

06:17:26 am

MF

mlicloud@mypillow.com

Kirk Wiebe is the one who said that in the breakout room to people

We don't have that ... if it is on the copy he said he made for me then it is still in his house  
I am in trouble with not showing anything ....

I waited 7 months to get everything and get our country back ... I am praying that he will give me the evidence before the Supreme Court

Dennis reached out to General McInerney late last night. McInerney is trying to get Dennis to answer his call.

Wonders why no one is going after Larry Johnson and the Gateway Pundit team that attack him and why we are not standing up for him

03:23:54 pm

Larry Johnson is supposedly retired CIA. He was CIA

Johnson was outed as a liberal by Rush Limbaugh who worked for Hillary Clinton and carried disinformation from Sidney Blumenthal.

Larry Johnson admitted that in a article though claimed he was duped by Sid Blumenthal.

Liberal Blogger Says He Worked With Hillary Clinton's Aide on Birther Claims  
5,216  
Neil Munro  
20 Sep 2016 1,012

A left-wing blogger says one of Hillary Clinton's top aides urged him in 2008 to write articles suggesting that then-Senator Barack Obama "was not a natural born citizen."

Larry Johnson, operator of the NoQuarter blog, described his cooperation with the aide, Sidney Blumenthal in September 2015.

I know firsthand, and can testify under oath, that Hillary Clinton's 2008 campaign was hot and heavy on the issue of Barack Obama's muslim heritage. How do I know? Because I was a conduit for information from Sidney Blumenthal, a Hillary Clinton confidant. I was not an official part of the campaign. I was not on the staff. But I was a supporter and I have no regrets for trying to help Hillary defeat Barack Obama. I did not knowingly make up or manufacture anything about Barack Obama. Just tried to get the facts out.

On Sept. 16, 2016, Johnson posted another description of his work with Blumenthal, after an editor for the McClatchy news service reported that Blumenthal prompted the news service to ask an Africa-based reporter to check out rumors about Obama's ties to Africa.

"I am shocked at the audacity of Hillary Clinton to decry Donald Trump as a birther because her campaign not only pushed that item in a bid to discredit Barack Obama, but mounted a sustained campaign attack Obama on a broad array of issues," Johnson wrote on Sept. 16.

"How do I know? I was part of that effort and was in regular email and phone coordination with Sidney Blumenthal. Sidney was the conduit who fed damaging material to me that I subsequently posted on my blog," he wrote.

On the birther-related issue, Blumenthal provided "information concerning allegations that Barack Obama was not a natural born citizen ... [and] being adopted by Indonesian Muslim Lolo Soetoro," Johnson wrote in his post, titled "Confessions of a Hillary Insider."

James Asher, a former top editor in D.C. for the McClatchy news service said Sept. 15 that Blumenthal pitched him the birther story.

<https://twitter.com/jimasher/status/776633213015982080>

In 2008, Johnson was well known among Democrats. According to Johnson's posted resume,

From 1989 until October 1993, Larry Johnson served as a Deputy Director in the U.S. State Department's Office of Counter Terrorism. He managed crisis response operations for terrorist incidents throughout the world and he helped organize and direct the US Government's debriefing of US citizens held in Kuwait and Iraq, which provided vital intelligence on Iraqi operations following the 1990 invasion of Kuwait.

Mr. Johnson also participated in the investigation of the terrorist bombing of Pan Am 103...

Mr. Johnson is a member of the American Society for Industrial Security. He taught at The American University's School of International Service (1979-1983) while working on a Ph.D. in political science. He has a M.S. degree in Community Development from the University of Missouri (1978), where he also received his B.S. degree in Sociology, graduating Cum Laude and Phi Beta Kappa in 1976.

At his blog, Johnson wrote Sept. 16 that,

In some cases Sid Blumenthal actually provided a draft piece that I would slightly modify and publish under my name. Most of the time, however, Sid provided background information and researched material that I would use to craft pieces. How many? I am providing the links to 63 blog articles that I posted (and in one case was posted by Susan Hudgens, who assisted with the blog) between January 2008 and June 30, 2008.

Here is simple summary of material (in writing or through a verbal briefing) that I received from Sid? [sic]

- 1 Information surrounding the corrupt business relationship between Barack Obama and Tony Rezko.
- 2 Information about Barack Obama's ties to Palestinian radicals.
- 3 Information concerning Barack Obama's longstanding ties to the American terrorist, Bill Ayers.
- 4 Information concerning Barack Obama's close ties to radical clerics--i.e., Jeremiah Wright and Father Michael Pfleger.
- 5 Information concerning allegations that Barack Obama was not a natural born citizen.
- 6 Information concerning Barack Obama being adopted by Indonesian Muslim Lolo Soetoro.

The big Kahuna of the anti-Obama dump was the allegation that Republicans had a tape of Michelle Obama in which she used the disparaging term "Whitey." I published that after being told about the "tape" by Sid Blumenthal. (I learned a few weeks later that the story of the tape actually originated with Media Matter's David Brock and he confirmed its existence to me in person).

Bill Clinton knew about the campaign to undermine Obama, according to Johnson.

Listening to Hillary Clinton cry crocodile tears over Trump's questioning Obama's birth place and eligibility to be President in 2011 as a "racist" attack is the ultimate example that Hillary is cynical and dishonest. Yes, it is true that the words, "Obama is a muslim" or "Obama is not a natural born American" never passed her lips. But it is also true that that people very close to her, such as Sidney Blumenthal, were pushing those stories and trying desperately to promote those memes.

Hillary knew about all of these lines of attack on Obama. In fact I was told by Sid on one occasion in the summer of 2008 that the Big Dog (Bill of course) was very pleased with the pieces going up at NoQuarterUSA and thought they were helping Hillary...

[Clinton's] dishonesty and the incompetence she demonstrated while Secretary of State have convinced me beyond any doubt that she cannot be trusted with the power of that office. That does not mean I trust Donald Trump, but my focus here is in exposing the cynical propaganda that Hillary Clinton is trying to foist on the uninformed voter.

I understood that. Perhaps we could follow up later.

As to Kirk Wiebe — I had an encrypted thumb drive with key information delivered to Rep Devin Nunes and Rep Louis Gohmert and their military aide. I set up a meeting with Sidney and Ezra's assistance and had Bill Binney and Kirk Wiebe hand the encrypted thumb drive over. No one could open that thumb drive without the encryption key. Of course there is more to the story.

It's no small secret, that Conan Hayes was the mysterious figure in Mike Lindell's Absolutely 9-0.

If you will recall, Conan Hayes is part of the Flynn faction. He was directed by Joe Flynn under false pretenses to "sweep" actor Ricky Schroeder's phone and electronics when FightBack was raising bail money for Kyle Rittenhouse.

In the documentary, Conan Hayes was vouching for the PCAPS provided by Dennis Montgomery, a complete fraud who has a 14 year indictment hanging over his head. That usually only happens when you are an informant.

This information was made known to team Lindell and attorney Kurt Olsen.

Olsen is a former attorney with the law firm of Kirkland and Ellis.

Dennis Montgomery was widely promoted by Mary Fanning-Kirchhoefer, the executive producer of the Lindell films.

Mary Fanning-Kirchhoefer is married to Gregg Kirchhoefer, an IP attorney for Kirkland and Ellis.

Kirkland and Ellis facilitated the 400 million dollar capital raise for Dominion Voting Systems.

The conflict of interest for the people that have surrounded Lindell is staggering.

You can't both fight Dominion and have ties to the law firm that gave birth to Dominion in the United States.

Who introduced these folks to Lindell?

Flynn's ties to Conan Hayes precedes any of the Lindell films.

And you can't tell me that while filming Absolute Proof, where Michael Flynn was physically present, that the executive producer that story boarded the entire film (Fanning-Kirchhoefer) never spoke with him.

It would be nice if we could get some answers to these questions.

10:53:43 pm

I was at the Cyber Symposium.

I saw it all up close and personal.

I was backstage, and at the debriefs.

There was so much great information provided, but all it takes is for the work of fraudster Dennis Montgomery to taint all that were involved. I believe Montgomery was used to hurt Lindell, and by extension, he was used to hurt President Trump. Guilt by association.

All I can say is that team Lindell was warned about Montgomery and Mary Fanning-Kirchhoefer.

I couldn't get a sense of the PCAPS' authenticity, so I avoided discussing them.

I believe my instincts were right.

10:54:07 pm

I'm not a marketer or entrepreneur.

I'm a former investigator, prosecutor, and unjabbed professor.

Be sure to extend Lindell grace and pray for him. I do not question his patriotism.

I'm wired to think about bad guys 24/7, not about patented fill for the world's most comfortable pillows.

Mike,

Kurt told me the lawsuit had been dropped but Hoft told me it was only dropped against Brannon Howse.

I spoke to Jim Hoft yesterday who claims not to know anything about the lawsuit except that others are pushing this lawsuit. He told me to call his lawyer. I have called both of his lawyers repeatedly they do not answer or return the calls.

“Professor” Clements continues to push his false narratives against me and Montgomery as of yesterday. Others are picking up and also publishing his filthy lies.

I think we should we begin exposing Hoft and Clements on my radio show on The Salem Radio Network. Would you like to join us on the show and make an appearance? It is past time to expose all the lies. The real truth might be enlightening.

Best regards,  
Mary

Jim Hoft at 314 304-0830.

♦Then they attacked Dennis with easily proven lies.

We have some data which I'll put together for you

George Soros, Lord Malloch-Brown, And Election Technology Company Smartmatic  
United Nations-linked British “voting expert” Lord Mark Malloch-Brown became the President of the Open Society Foundation on January 1, 2021, after having served since 2014 as the chairman of the board of directors of election technology company Smartmatic. “The chairman of SmartMatics and the SGO Group, Mark Malloch-Brown, serves on the Open Society Foundations Global Board -- founded by George Soros,” the Associated Press admitted.  
Lord Mark Malloch-Brown was “a member of the Soros Advisory Committee on Bosnia from 1993 to 1994,” according to Malloch-Brown’s official UN biography.  
A Deeper Look Into George Wiley’s Connection To ACORN  
Fox News reported in a September 15, 2009 article titled “ACORN: A Brief History”:  
Originally named the Arkansas Community Organizations for Reform Now, ACORN was founded as a nonprofit, nonpartisan entity in 1970 by Wade Rathke, a follower of George Wiley, founder of the National Welfare Rights Organization. Rathke stepped down from his post as chief organizer in 2008 after it was revealed that his brother Dale had embezzled nearly \$1 million of ACORN funds eight years earlier.  
Although George Wiley’s National Welfare Rights Organization (NWRO) went bankrupt in 1975, a successor organization, The National Welfare Rights Union (NWRU), which has been described as a reincarnation of Wiley’s NWRO, was formed in 1987 and continues to operate today.

United Kingdom, London - March 6, 2018 - After 15 years of service and 14 elections assisted providing a secure and auditable voting system, Smartmatic closed its offices and ceased operations in Venezuela. The reasons for the closure are widely known. In August of 2017, after the elections to the National Constituency Assembly, Smartmatic publicly stated that the National Elections Council had announced results that were different from those reflected by the voting system. This episode lead to an immediate rupture of the client-provider relationship. Smartmatic did not participate in the last two elections (Regional Elections of October 15, 2017 and Municipal Elections of December 10, 2017), a fact that was timely informed. Since the company was not involved in these processes, and given the fact that the company's products are not under warranty and were not certified for those elections, Smartmatic cannot guarantee the integrity of the system, nor can it attest to the accuracy of the results. Smartmatic is currently operating in some 40 countries around the world, partnering with governments, election commissions and citizens seeking to conduct secure, clean and transparent elections.

Gateway Pundits lawyer John Burns went into court and lied. He told them that I asked you to take away any money from Gateway Pundit.

Today TGP published Yaacov Apelbaum screed of lies assigning JR Nyquist work product re J6 to me. Nyquist after being on with Brannon asked me to retweet his work. I found his information was incorrect and told Nyquist to correct the record. I did not post his work product on The American Report.

◆Gateway published lies that I stole another Mary Fanning's ID — a known lie to them as they mailed letters to my addresses. I have never used anyone else's identity.

<https://www.thegatewaypundit.com/2021/07/profile-mary-fanning-contributes-lindells-ultimate-truth-contains-stolen-identity-not/>

◆Then they attacked Dennis with easily proven lies.  
Dennis's onetime lawyer gave me a statement to prove the piece they put out about Dennis was a lie.

Btw Mike, I also produced ABSOLUTE PERIL. I wrote your speech, put together Talking Points for all others and brought together all participants to make ABSOLUTE PERIL just the same as I did for ABSOLUTE PROOF and ABSOLUTE INTERFERENCE.

I also redid the entire audio track for the ABSOLUTE PERIL film.

Yes. Going through it — most is fine to use.  
Cannot use the Boeing info. And must into the info that this is information from Dennis.

I'll send the point by point in 30 minutes.

Ok— will pull the minute. Must into this was made for those with top security with info from Dennis  
05:04:51 pm

Seemingly telling of the stolen election data and that the SSP and GPO were invoked to cover up malfeasance is key.  
05:17:02 pm

The other info telling Comey and Baker had the slice code that showed up in China.  
05:19:41 pm

The other info telling Comey and Baker took the source code under Montgomery's immunity agreement that then showed up in China with an identifier with the unique identifier.  
05:21:46 pm

This is also information I put together since 2015. Dennis did not know about the Whistleblower Tapes until reading my articles.

MARY FANNING'S AUDIO FOR PRESIDENT TRUMP: RELAYING DENNIS MONTGOMERY'S INFORMATION, THAT SHE EXPOSED BEGINNING IN 2015

NOTE: MARY FANNING PUT THIS INFORMATION TOGETHER FOUR (4) YEARS BEFORE DENNIS MONTGOMERY CONTACTED HER BECAUSE SHE TRANSCRIBED THE ILLICITLY RECORDED THE WHISTLEBLOWER TAPES THAT WERE DROPPED (RELEASED) FROM U.S. DISTRICT JUDGE G. MURRAY SNOW'S COURT

"THE WHISTLEBLOWER DENNIS MONTGOMERY BEGAN WORKING FOR THE GOVERNMENT WITH A TS/SCI (TOP SECRET / SENSITIVE COMPARTMENTED INFORMATION) SECURITY CLEARANCE (WITH ACCESS TO SAP "SPECIAL ACCESS PROGRAM" INFORMATION) SINCE 2002.

MONTGOMERY COLLECTED ELECTION DATA BEGINNING ON NOVEMBER 1, 2020 THROUGH NOVEMBER 7, 2020.

MONTGOMERY BECAME A WHISTLEBLOWER BECAUSE WHEN HE CAME INTO THE GOVERNMENT HE BUILT A SUPER SURVEILLANCE SYSTEM THAT'S ACTUALLY KNOWN AS THOR'S HAMMER. IT'S A FOREIGN SURVEILLANCE TOOL.

ON FEBRUARY 3, 2009, JOHN BRENNAN AND JAMES CLAPPER CAME IN AND THEY ILLEGALLY COMMANDEERED (STOLE) THE HAMMER, THEY MOVED IT TO FORT WASHINGTON, MARYLAND, AND THEY PUT A VPN INTO THE OBAMA WHITE HOUSE.

SO INSTEAD OF GOING THROUGH THE THE 17 ECHELONS OF SAFEGUARDS AND SIGN OFFS, THEY BEGAN SPYING ON SUPREME COURT JUSTICES, FISA COURT JUDGES, MEMBERS OF CONGRESS, 156 ARTICLE III JUDGES, BUSINESS LEADERS, MILITARY LEADERS, SPECIFICALLY GENERAL MICHAEL FLYNN, "AND MOST SPECIFICALLY DONALD TRUMP."

THEY BEGAN IMMEDIATELY SPYING ON DONALD TRUMP, HIS FAMILY, AND HIS 17 BUSINESSES.

BUT WHAT IS SO IMPORTANT RIGHT NOW IS THAT MONTGOMERY, AFTER HE BECAME A WHISTLEBLOWER, HE TURNED OVER INFORMATION AND HE KNEW THAT THEY WERE DOING THE WRONG THING WITH IT.

SO, DURING THE ELECTION, MONTGOMERY BEGAN COLLECTING ELECTION DATA ON NOVEMBER 1, 2020.

HE COLLECTED DATA FROM 3,000 U.S. COUNTIES.

THAT DATA PROVED THAT, BEYOND A SHADOW OF A DOUBT, THAT DONALD TRUMP WON."
